

Full name: Beksultanov Amangeldy Dyusembaevich

Education:

- 1993-1998: Higher education, EITI named after academician K. Satpayeva, specializing in "Electric drive and automation of technological complexes"
2016-2018: Master's degree, Kazakh University of Communications, Almaty
1993-1998: Mining Electrical Engineer
2016-2018: Master of Technical Sciences

Work experience:

Academic:

Work in this organization

- 1998 - until now: Senior lecturer at the Department of "Energy" of the Academician K. YOITI. Satpayeva
2021 – until now: Head of the Department of Energy
1998 -2025: The list of subjects taught is "Electronics", "Power converter devices", "Industrial Electronics", "Power plants", "Microprocessor technology", "Electromechanics and Electrical equipment", "Operation, commissioning and repair of electrical installations".
1998 -2025: Full-time

Previous jobs in educational organizations:

Period: none

Non-academic: no

Professional development:

- 09.08.2021-21.08.2021 Certificate of completion of the advanced training course on the topic "Electromechanics and electronics (Electromechanics and electrical equipment, Electronics, Industrial electronics)", Non-governmental Quality Assessment Center, Nur-Sultan;
02.08.2021 - 14.08.2021 Certificate of completion of the advanced training course on "Converter devices and microprocessors (Power converter devices, Microprocessor technology)", Non-governmental Quality Assessment Center, Nur-Sultan;
05.07.2021-17.07.2021 Certificate of completion of the advanced training course on "Power plants, overvoltage and operation (Power plants, Overvoltage in electrical installations, Operation, commissioning and repair of electrical installations)", Non-Governmental Quality Assessment Center, Nur-Sultan;
04.11.2021-22.11.2021 Certificate of advanced training "Management of an educational organization for managers", Association of Higher Educational Institutions of the Republic of Kazakhstan.
31.07.2023 - 11.08.2023 Certificate of completion of the advanced training course on the topic "Power plants, overvoltage and operation (Power plants. Overvoltage in electrical installations. Elements of automation systems. Operation, commissioning and repair of electrical installations)" in Ekibastuz, the Center for training and retraining of personnel of the thermal power complex;
14.08.2023 - 25.08.2023 Certificate of completion of the advanced training course on the topic "Electromechanics and electronics (Electromechanics and electrical equipment. Electrical engineering systems. Electronics. Industrial electronics)" in Ekibastuz, the Center for training and retraining of personnel of the thermal power complex;
17.07.2023 - 28.07.2023 Certificate of completion of the advanced training course on the topic "Electric machines and drive (Electric machines. Electric drive. Electric drive and power supply of mining enterprises. Electric drive control system. Electric drive of general industrial mechanisms. Elements and devices of an automated

- electric drive. Power supply of electric drives. Automated electric drive of standard industrial mechanisms)" in Ekibastuz, the Center for training and retraining of personnel of the thermal power complex;
- 03.07.2023 - Certificate of completion of the advanced training course on "Relay protection and automation (Relay protection. Relay protection and automation. Theory of automated electric drive. Automation of power supply systems. Automation of energy systems. Automation of standard technological processes)" in Ekibastuz, the Center for training and retraining of personnel of the thermal power complex;
- 14.07.2023
- 19.06.2023 - Certificate of completion of the advanced training course on the topic "Converter devices and microprocessors (Power converter devices. Semiconductor converters of electrical energy. Electrical equipment of technological complexes. Microprocessor technology. Digital technology and control microcontrollers)" in Ekibastuz, the Center for Training and retraining of personnel of the thermal power complex;
- 30.06.2023

Membership in professional organizations:

Period: -

Awards and prizes:

Service sector activities:

Period: -

Publications and presentations:

- May 2024 Conductive electromagnetic interference due to the steady-state voltage deviation in the 6 kV network of the Ekibastuz CHPP's own needs. Proceedings of the International Scientific and Practical Conference "Improving the quality of education, modern innovations in science and production", 2024 Potyaga L.A., Zhumataev N.S.
- april 2023 The greenhouse effect as a consequence of anthropogenic impacts. Republican scientific and practical conference of students on the topic: "SCIENCE AND YOUTH OF THE 21st CENTURY" April 24-25, 2023 Potyaga L. A., Kurtysh D. A.
- May 2022 Electromagnetic situation in the electric power system during voltage changes. Proceedings of the International Scientific and Practical Conference "Improving the quality of education, modern innovations in science and production", 2022. Potyaga L. A., Ilambek R.M.
- May 2022 Standardized indicators of electricity quality. Proceedings of the International Scientific and Practical Conference "Improving the quality of education, modern innovations in science and production", 2022. Potyaga L. A., Ilambek R.M., Kirichek D.S., Kolpakov A.S.
- May 2022 Conductive electromagnetic interference due to the steady-state voltage deviation in the 6 kV network of the Ekibastuz CHPP's own needs. Proceedings of the International Scientific and Practical Conference "Improving the quality of education, modern innovations in science and production", 2022. Potyaga L. A., Imangazinova D.K., Abenova M.S.
